SUMMARY

Motivated Software Engineering student with strong interest in full-stack web development. Experienced in building responsive web applications using HTML, CSS, and JavaScript, with intermediate proficiency in React and growing knowledge of backend development. Proven ability to develop functional projects, manage version control using Git/GitHub, and solve real-world programming problems. Seeking a Summer Internship to apply technical and problem-solving skills in a professional environment.

EDUCATION

Abasyn University Peshawar

Bachelor of Science in Software Engineering (6th Semester) — CGPA: 3.3

Peshawar, Pakistan

2023 – Present

Government College Peshawar

FSc Pre-Engineering — 741 / 1100 (67%)

Peshawar, Pakistan

2021 – 2023

PRACTICAL EXPERIENCE

Front-End Development Practice

2023 – Present

Self Projects / University Work

- Built responsive web applications using HTML and CSS, improving mobile usability and layout consistency across devices.
- Developed JavaScript applications such as an E-Commerce App and Movie App with 5+ interactive features including add, delete, and status tracking.
- Practiced backend development fundamentals including APIs and request-response flow understanding.
- Used Git and GitHub for version control, managing 10+ project updates and maintaining organized repositories.
- Improved problem-solving skills by solving 50+ coding challenges during self-learning.

PROJECTS

Tech Hunk Clone Website | *HTML, CSS*

- Responsive website built using HTML and CSS with a modern UI layout structure.

Computer System E-Commerce | *React, Tailwind CSS*

- E-commerce web application built with React and Tailwind CSS featuring product listings, cart functionality, and responsive design.

ATM Machine | *JavaScript*

- Console-based ATM simulation system with authentication logic and transaction handling features.

Attendance Management System | *React, JavaScript*

- Web-based attendance system built using React and JavaScript with interactive UI components and backend logic for data management.

Portfolio Website | *HTML, CSS, JavaScript* | [Live](#)

- Personal portfolio showcasing projects, technical skills, and development experience. Deployed live on Vercel.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Python (Basic)

Frameworks & Libraries: React (Intermediate), Tailwind CSS

Tools: Git, GitHub

Other: Backend Development (Learning)

CERTIFICATIONS

CSS Fundamentals – Udemy

Meta JavaScript Programming (2024)

React Basics – Meta Coursera (2025)

Advanced React – Meta Coursera (2025)
